

# Lacks SupplyWEB – Premium Freight and AETC

## 11.0 Premium Freight and AETC

Periodically, the Supplier may get premium freight (expedited shipping) requests from one of the Lacks business units. If the user's 'Alerts' preferences are configured appropriately, the user will receive email notification of these requests.

To view the Premium Freight requests in SupplyWEB, select the **Premium Freight->View PFAs** link from the navigator.

### Demand View Premium Freight

Search Criteria	
Facility	<All>
Ship To	<All>
Part	<All>
Required Date Start	
Required Date End	
<input type="button" value="Submit"/>	

Select the desired Search Criteria and click 'Submit'. If all fields are left to the default and the user clicks 'Submit', all the authorized premium freight will be displayed.

### Demand Premium Freight

Premium Freight Authorizations								1 to 1 of 1
View	Facility	Ship To	Part	Required Date	Quantity	AETC No.	Expeditor	Estimated Cost

<input type="button" value="Create Shipper"/>			

Click 'Create Shipper' to create the shipment. The user will be directed to the Shipper creation screens. Follow the same procedure for creating a Shipper and printing Labels accordingly (refer to "7.0 SupplyWEB Supplier Shipping").

### 11.1 Authorized Excess Transportation Cost (AETC)

Suppliers may be required to request an Authorized Excess Transportation Cost (AETC) number when freight costs exceed the contractual terms. The AETC authorization is requested during shipper generation.

If an AETC number is requested, the shipper cannot be published until the cost is approved and the customer assigns an AETC number to the shipment.

When a Shipper is created, in the same screen, there is a button to request AETC

from Lacks.

## Shipments Shippers

AETC Request Information			
Facility	Lacks Trim Systems	Ship Date	10-28-2011 02:45:24 PM EST
Ship To	Patterson Assembly	Request Date	10-28-2011
Shipper No.	6		

Supplier	
Excess Cost	* 750.00

**Comments**

The shipments is beyond the cost quoted for this program for shortened lead time.

Remember: The shipper can be completed, but it CANNOR be published until the AETC is authorized by the Customer. Once "Authorization to ship" is received from Lacks, proceed with publishing the shipper by following the procedure referred in "7.0 SupplyWEB Supplier Shipping".

Below is the screen that shows the authorization response. The AETC number will be tied to the Shipper Number.
